MARCH 2022

Michael Cassidy with Billy Graham

One of our recent highlights was our TBN crew filming the upcoming documentary with the South African Christian leader, evangelist, writer, and founder of African Enterprise Michael Cassidy, who played a fundamental role during the dark years of apartheid in South Africa, and specifically during the 1994 election. He was able to bring together different key party leaders in search of reconciliation that saw South Africa reach the dawn of democracy as we see it today.

A powerful new film anthology from the worldwide story movement known as I Am Second presenting unguarded stories of lives surrendered to Jesus and the everlasting peace that comes from the radical love of Jesus.

A perfect intro to Jesus through the Gospel of Luke. Be part of the movement that brings the greatest story of all time to everyone, everywhere.

FAITH & PROVISION

This month I would like to talk about faith and God's provision. First of all, it is very exciting to share with you, our viewers, that we are now busy preparing to renovate our building that we have had faith in for about 7 years. God has provided once again. We had to exercise faith and it felt long but it was worth it.

This is our way of encouraging you to have faith as well for anything that you are hoping for God to provide. It may be healing, breakthrough, marriage, employment, a house, etc. but whatever it is God has got your back for as long as you have faith.

As we prepare to move into our new building, we also began to broaden our horizon in terms of what we have been called for as a TV ministry. The plans are that we be involved in more productions as it is the core of the television ministry.

We want to produce more programs that are not only edifying and nurturing to the children of God but programming that serves the mandate of harvesting souls for Christ. These include movies, documentaries, music programs, talk shows, and more engaging and entertaining programs. These include movies, documentaries, music programs, talk shows and more engaging and entertaining programs.

For this we solicit your prayerful and financial support.

Here is yet another testimony of faith and God's provision. Our production team and I visited Michael Cassidy, of African Enterprise in Pietermaritzburg, as we sought to do a documentary on the great work that he has done of evangelizing the cities of Africa and reconciling South Africans.

As we got to his house, his wife quickly alerted us that there was no electricity and that would prove difficult if not impossible for us to film the documentary. I quickly assured them that we will have to have faith and told them that once the team was done with the preparation and set up, God will restore the electricity as the storm the night before was quite damaging.

As the team was busy preparing, Michael and I prayed and we both sensed the presence of God. As we were catching up and preparing for the interview, we did not realize that an hour or more had gone by but I remember Byron (our Creative Director) shouting to us they were done with the set up.

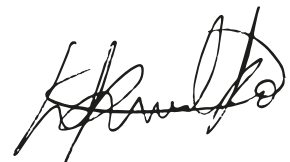

Within two minutes of readiness, the power was back and we all marveled at yet again how God had provided as a result of faith. Indeed, we celebrated and started recording our documentary with Michael Cassidy.

Please look out for this wonderful documentary around August as we anticipate debuting it around that time.

The gift of the month for March is a book by Bishop T.D Jakes and is entitled "God's Provision For Your Every Need". This is our encouragement to you to have faith in God and His provision. It is also a token of our appreciation for your support to all of you that are already supporting us financially.

May God bless you richly.

Yours faithfully
