AFRICA MONTH

Dearly Beloved Partner

The month of May is recognised as **Africa month** – a time when the continent of Africa commemorates the founding of the OAU.

By establishing the Organisation of Africa Unity (OAU) in 1963, the African continent became a pioneer in being the first continent to focus on continental unity and to encourage nation building through unity and freedom from oppression.

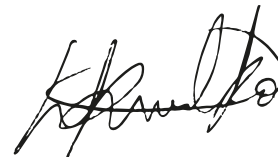

It is in celebration of this milestone of the OAU and its successor, the African Union, that we as TBN urge all of our partners to pray for the unity of the body of Christ in the entire African continent (Galatians 3:28)

Yet even before 1963, many initiatives were taken by Africans – both from the continent and in its diaspora – for Africa to regain its rightful place in the world. South Africans are also found amongst those earlier generations who made enormous contributions towards this effort.

I strongly believe that prayer and supplication has and will continue to play a pivotal role in uniting our continent. The speech of Pixley Ka Isaka Seme in 1906, on the “Regeneration of Africa”, would be echoed by the generations that followed, and enhanced through a number of initiatives aimed at the decolonisation and regeneration of the continent (Rom.12:2)

Africa Month also seeks to increase the appreciation of the vastness of the promises of God for Africa but also clear the mind of Africans to see how blessed we are and the many opportunities God has bestowed unto African countries to grow and glow in Him.

Yours faithfully

Lucky Kayaletu Mbiko
Managing Director

Paul is well known for his clear message of hope, healing and empowerment. His ability to transcend Race, Tribe and Creed with his unique approach to ministry has seen to the forging of many strategic relationships in Africa.

GIANTS — OF — FAITH

Sakhumnotho Group and TBN Africa have begun to create a documentary series “Giants of Faith” to honour spiritual leaders who contributed significantly to the spreading of the Gospel of Jesus Christ; through a salvation of souls, healing of the sick, breakthroughs and work done on a global basis by men and women whose ministries impact people globally.

In keeping the memory of the Giants of Faith alive, we are bringing awareness to people who may not have known about the leaders that Christ used to impact the lives of people in our country, Africa and the world over. These Giants of Faith span over two centuries and their ministries have interconnected with one another in many respects. While some of these Giants have passed on, those alive continue to work in their respective ministries in different parts of the world.

These documentaries are created in recognition of the work God has done through these Giants, the values pursued by these men and women continue through the Gospel and are evident in the impact made in many people’s lives.

U P D A T E

The TBN team visited the building to pray over it.

This is after it was declared that the building has been transferred into the name of TBN Africa.

It was such an incredible time of worshipping and praising the Lord together as we took ownership of the building.
