Mother's Day Tribute

Mother's Day Tribute

Today, the entire globe honours and recognises the incredible contribution that mothers make to society. As a daughter to my loving mother, and a mother of three precious children, I wish to take this moment to pay homage to every mom on this special day.

God gave us mothers and made it possible for us to become mothers, as a precious gift to humanity and as a channel through which every human being enters the world. Moms are intricate, complex beings – clothed with loving kindness, tenderness, and yet with courageous lion hearts. You shared your body with an unborn child with much hope and anticipation from the moment of conception. Your body, hormones, and emotions went through many changes and stages as your baby developed inside your womb.

You spent long days and many sleepless nights nurturing your newly born baby – responding to every cry and even the slightest form of discomfort. A mother's role is without vacation or retirement. From the time of a baby's birth, to infancy, to early childhood, adolescence and into adulthood, mothers have an important role to play. As a mother you always carry your children in your heart no matter what age or stage of life. You provide the material nurture of food, clothing and shelter, as well the spiritual nurture of prayers and good wishes.

A mother's unfailing love for her children is an earthly mirror and example of AGAPE – God's everlasting and unconditional love for humanity.

"For God so loved the world, that He gave His only begotten Son, that whosoever believes in Him should not perish, but have everlasting life" (John 3:16, NKJV). It is you mothers who hold together the fabric of society and provide hope in times of despair, strength to persevere in times of challenges and suffering, and joy and exultation in times of triumph. Through your love and care, you uphold the integrity of your calling over the family and over the nations. God uses you as a battle axe in His great vineyard.

Keep going strong. Keep on loving.
Happy Mother's Day!

TRIBUTE FOR MOTHERS

MOTHERS FOR LIFE

We need to express respect, honour, and love towards mothers. Mother's Day is a day to honour the contribution of mothers, acknowledge the efforts of maternal bonds and the role of mothers in our society.

As a son raised by many mothers in society how can I forget this portion of scripture

Proverbs 6:20 ESV - My son, keep your father's commandment, and forsake not your Mother's teaching.

Thank you, Mother's for all the lessons you have taught me in words and deeds.

To best sum up how you have been to me and others, this tells it all. Mothers you are Love and your love is...

1 Corinthians 13:4-7 ESV - Love is patient and kind; love does not envy or boast; it is not arrogant or rude. It does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrongdoing, but rejoices with the truth. Love bears all things, believes all things, hopes all things, endures all things.

Happy Mother's Day~Moms. With Lots of Love
Pastor Wayne Chaff

A mother's love knows no bounds. From the moment I was brought into this world, you continued to give yourself so selflessly, you nurtured and showered me with your care and affection. It is because of this special bond that makes your parting from this earthly world a void in my life.

When my mom left this earth, it was the worst and an empty feeling. As each special holiday that rolls around, especially Mother's Day makes my heart very heavy. I have an angel watching over me she is my mom.

To my mother in heaven, thank you for always loving me and guiding me. Even though you are no longer here with me I can still feel your love guiding me. You are always in my heart. I love you and miss you dearly.

The world changes from year to year, my life from day to day but the love and memory of you shall never pass away.

I LOVE YOU MOM

Vish Govender

My mother is a very special woman to me as she is loving, caring, kind and supportive. I love my mother because she is really my biggest supporter and friend. She has supported me all my life through everything I had to go through.

When I graduated from college she was there. When I took my very first trip overseas, she was there to say goodbye. When I got married, she was my biggest supporter and helped me in so many ways.

To this day I think that she thinks I can do nothing wrong and is perfect. She has never fought with me, disagreed with me, embarrassed me or was rude in any way towards me.

She has an incredible laugh that is contagious. She is beautiful, strong and I love her and am proud to have her as my mom. She is the best.
